

Mid-Atlantic Intergovernmental Audit Forum
As of 11/15/2006

Overview: By way of background, the Mid-Atlantic Intergovernmental Audit Forum is one of the ten Regional Audit Forums and covers the states of Delaware, Maryland, Pennsylvania, Virginia, West Virginia, and the District of Columbia. The primary purpose of the Forum is to promote communication, coordination, and cooperation among the federal, state, and local audit agencies throughout our region to foster effectiveness and efficiency of governmental operations. This purpose is augmented by our two meetings each year in which various topics are presented and discussed and by the exchanging of ideas between the attendees. This enables the sharing of lessons learned by the various agencies and helps each of the audit agencies to do their work more effectively and to improve the oversight of the audit community. The leadership of the Mid-Atlantic Audit Intergovernmental Audit Forum is provided below:
